

6 CHAPTER 6 LIST OF PREPARERS

Reynolds, Smith, and Hills (RS&H) has prepared the Environmental Impact Report (EIR) under the contract of Sonoma County. Persons directly involved in the preparation and review of the EIR include:

6.1 SONOMA COUNTY

Jon Stout, AAE, CAE, BA-Airport Administration, Master's in Business Administration, 18 years experience. Responsible for contract oversight and administration, coordination with other County departments, interaction and coordination with FAA; review of project documents, and providing input relative to Airport operational needs and constraints.

Crystal Acker, BS-Biology, MS-Plant Ecology, 10 years of experience. Responsible for County review of the EIR.

Chris Seppeler, BS-Physical Science, 21 years of experience. Responsible for County review of the EIR.

Susan Klassen, BS-Civil Engineering, 29 years of experience. Responsible for County review of the EIR.

Jennifer Klein, J.D., BA-Political Science, 9 years of experience. Responsible for County review of the EIR.

Robert Pittman, J.D., BA-Business Administration, 20 years of experience. Responsible for County review of the EIR.

Steve Lange, BA-Geography, 15 years of experience. Responsible for providing information about the Airport.

Melinda Gay, BA-Fine Arts, 15 years of experience. Responsible for providing information about the Airport.

Mark Mispagel, J.D., 30 years of experience. Responsible for outside counsel review of the EIR.

Denise Peter, AICP, BA-Biology and Environmental Studies and Planning, 20 years of experience. Responsible for County review of the EIR.

Bob Gaiser, AICP, BA-Social Sciences – Urban Studies, 39 years of experience. Responsible for County review of the EIR.

6.2 RS&H TEAM

6.2.1 RS&H

David Full, AICP, BA-Urban Planning, MUP-Urban Planning, 26 years experience. RS&H Team Project Manager. Responsible for contractual oversight of EIR preparation, QA/QC of all work products, coordination with the FAA, the Airport, and with members of the RS&H Team.

William Keller, AICP, BS-Aviation Management, Master's of Public Administration, 21 years of experience. Responsible for RS&H team technical writing, research coordination and exhibits.

Charles Cummings, BS-Aviation Management, 3 years of experience. Responsible for RS&H team technical writing, research, and technical exhibit preparation and coordination.

Nicholas Kozlik, BS-Environmental Studies, 1 year of experience. Responsible for RS&H team technical writing, research, and technical exhibit preparation and coordination.

6.2.2 Mead & Hunt

Michael Shutt, PE, BS-Civil Engineering, 35 years experience. Responsible for the development of the airfield design concepts.

Jon Faucher, BS-Construction Administration, 19 years experience. Responsible for coordination with various branches of FAA on grants and reimbursable agreement for relocation of landing aids.

David Dietz, AICP, BA-Political Science, MCRP-City and Regional Planning, 35 years experience. Mead and Hunt Project Manager. Responsible for the preparation of forecasts.

Lee Moen, PE, BS-Civil Engineering, BS-Aeronautical Science. 30 years experience. Responsible for general oversight of engineering designs, construction schedule and construction costs.

Scott Van Gompel, BS-Civil Engineering, 9 years experience. Guided the development of airfield alternatives, construction schedule, costs estimates and construction phasing.

Doug Smith, Technical training in Engineering, Construction Management, AutoCAD and Civil Design. 16 years experience. Prepared engineering designs of airfield alternatives, earthwork calculations, and related graphics.

Ken Brody, BA-Architecture, MUP-Urban Planning, 35 years experience. Provided oversight of airport land use compatibility analysis.

Maranda Thompson, BA-Environmental Planning, 10 years experience. Prepared airport land use compatibility assessment.

Corbett Smith, BA-Environmental Planning, 6 years experience. Compiled land use data for airport compatibility analysis.

Todd Eroh, Technical training in AutoCAD and GIS, 22 years experience. Responsible for GIS mapping and graphic preparation for airport land use compatibility analysis. Updated Airport Layout Plan.

Susan Norvall, Undergraduate coursework in graphics design, 25 years experience. Responsible for QA/QC and editing of planning documents.

6.2.3 Landrum & Brown

Vince Mestre, P.E., BS-Civil Engineering, MS-Mechanical Engineering, 31 years experience. Responsible for the airport noise assessment.

Fred Greve, P.E., BS-Civil and Environmental Engineering, BS-Biological Science, MS-Environmental Engineering, 37 years experience. Responsible for the air quality assessment.

Christian Valdes, BS-Aviation Science, MA-Geographic Information Science, 12 years experience. Responsible for the airport noise assessment, and on-site noise measurements.

Matt Jones, P.E, BS-Engineering Physics Acoustical Specialization, 21 years of experience. Responsible for the air quality assessment.

Chris Babb, BS-Aerospace, MS-Aeronautical Science, 10 years experience. Responsible for the air quality assessment.

6.2.4 Brelje & Race

Thomas Jones, BS-Civil Engineering, 36 years of experience. Project Manager for Brelje & Race. Responsible for water quality and hydrology section oversight and coordination.

Tyson Robertson, BS-Civil Engineering, 15 years of experience. Responsible for water quality treatment and flow/volume detention and retention calculations and exhibits.

Arthur Ralston, BS-Civil Engineering, 27 years of experience. Responsible for Airport Creek technical report on drainage.

Justin Witt, BS-Cultural Anthropology, MA-Geography, Natural Resources Management and Environmental Planning, 10 years of experience. Responsible for technical writing of hydrology and water quality section.

6.2.5 Muelrath Public Affairs

Rob Muelrath, BS-Agriculture Business and Minor in Political Science, 23 years of experience in political communications and Public Affairs. Responsible for public involvement support.

Ross Guehring, BA-Political Science, 9 Years of experience in political campaigns, and community outreach and advocacy. Responsible for public involvement support.

6.2.6 Gearbox

Sarah Wallace, BA-English, 23 years of experience. Responsible for public involvement support.

Kristy Ranieri, BA-Government, Master's of Government Administration, 16 years of experience. Responsible for public involvement support.

6.2.7 LSA Associates

George Molnar, MS-Plant Ecology, 30 years of experience. Project Manager for LSA Associates. Responsible for biological resources.

Karin (Goetter) Beck, MA-Cultural Resources Management, RPA, RPH, 14 years of experience. Responsible for cultural resources section.

Chip Bouril, BS-Architecture, 12 years of experience. Responsible for wetland delineation and assessment.

Greg Gallagher, BS-Environmental Sciences, 17 years GIS experience. Responsible for biological resources (GIS mapping).

Kristin Granback, BS-Environmental Studies, 5 years of experience. Responsible for biological resources.

Michele Lee, MS-Wildland Resource Science, 14 years of experience. Responsible for biological resources (botany).

Eric Lichtwardt, BS-Zoology, 25 years of experience, Responsible for biological resources (wildlife).

Timothy Milliken, BS-Botany, 15 years of experience. Responsible for biological resources (botany).

Andrew Pulcheon, MA-Cultural Resources Management, 17 years of experience. Responsible for cultural resources.

6.2.8 Crane Transportation Group

Mark D. Crane, P.E., BS & MS - Civil Engineering/Transportation, 37 years of experience. Responsible for surface traffic evaluation.
