**Charles M. Schulz – Sonoma County Airport  
Advertising Policy**

**Adopted by Board of Supervisors November 13<sup>th</sup>, 2018**

---

This policy provides advertising and signage criteria for the Charles M. Schulz – Sonoma County Airport (“Airport”). This policy does not apply to activities of the Airport and its Airport Manager, or designee, to identify, inform the public, or promote Airport facilities, services, or tenants, or otherwise market the Airport.

Advertising is recognized as an essential part of airport concessions, information and identity programs, but must be aesthetically consistent with the Airport’s design and architecture and not interfere with operational efficiencies and safety. A balance between Airport advertising and other informational systems must be maintained in order to preserve visual continuity and avoid clutter and message overload. Advertising for the purpose of this policy is defined as the display of paid announcements in any form to promote businesses other than the Airport or the business of Airport tenants on their respective leaseholds.

All signs and other types of advertising on Airport property must be consistent with these guidelines and approved by the Airport Manager, or designee, in writing, before installation. Existing signs that do not meet the guidelines in this policy must be removed; however, if a sign has previously been approved by Airport, that sign shall be allowed to remain as is until changed, replaced, or relocated, at which time the sign must be changed to conform to this policy.

Airport Management will, periodically, review the Terminal area and leaseholds for compliance with this policy.

**1. General Restrictions**

Signs and other advertisements on Airport property must meet the following general restrictions:

**1.1** Advertisements in public areas are the responsibility of the Airport. Advertisements in leased areas are the responsibility of the tenant but those advertisements must comply with this policy.

## **2. Location Restrictions**

**2.1** No advertisements may be placed on exterior doors or windows except those required to meet safety standards.

**2.2** No advertisements may be placed on the roof of any building or on any structure atop a building.

Within the Airport's terminal building, all advertising in public common use spaces that are designated for use by the Airport's in-terminal advertising program shall be carried out through the advertising program manager. Advertising in public and common use spaces that are not designated for use by the Airport's in-terminal advertising program shall be allowed entirely at the discretion of and subject to the judgment of the Airport Manager or designee, subject to the general rules set forth above. Advertising in spaces exclusively or preferentially leased by tenants shall be restricted to only goods and services offered by the tenant.

Advertisers and their agencies will indemnify and hold harmless the County of Sonoma and the Sonoma County Airport, its officers and agents, against all expenses and losses resulting from the publication of the contents of the advertisement, including claims for libel, violation of privacy, copyright infringement, or plagiarism.

Neither the Sonoma County Airport's name, logo, and designations, nor testimonials by current Airport employees, may be used in advertisements to endorse non-Airport products or services, unless the Airport Manager, or designee, has specifically contracted with a particular advertiser to promote or endorse a product or service apart from the purposes of the advertising program.
